■ William Allan Award Recipients

The Allan Award, the major award given by the ASHG, was established in 1961 in memory of William Allan (1881-1943), one of the first American physicians to conduct extensive research in human genetics. The Allan Award is presented annually to recognize substantial and far-reaching scientific contributions to human genetics, carried out over a sustained period of scientific inquiry and productivity. An award of \$10,000 and an engraved medal will be presented at the annual meeting.

■ Award for Excellence in Human Genetics Education Recipients

The Society has established this award to recognize outstanding contributions to human genetics education. Nominees for this award must have made a contribution that is recognized nationally or internationally as being of exceptional quality and great importance to human genetics education. The award recipient will be selected by the Awards Committee from the nominations received by the Information and Education Committee. An award of \$2500 and a plaque will be presented at the annual meeting.

- Recipients:**
- 2006 Roberta "Bonnie" Pagon
 - 2005 Joseph D. McInerney
 - 2004 Robert J. Gorlin
 - 2003 Joan H. Marks
 - 2002 Kurt Hirschhorn
 - 2001 Charles R. Scriver
 - 2000 F. Clarke Fraser
 - 1999 Arno Motulsky
 - 1998 C. C. Li
 - 1997 Victor A. McKusick
 - 1996 Barton Childs
 - 1995 Margaret Thompson

■ Curt Stern Award Recipients

This award is presented yearly for outstanding scientific achievements in human genetics occurring in the last 10 years. The work may be a single major discovery or a series of contributions on a similar or related topic. An award of \$2500 and an engraved crystal award will be presented at the annual meeting. All human geneticists are eligible for consideration. This award honors the memory of Curt Stern (1902-1981) as an outstanding and pioneering human geneticist.

- Recipients:**
- 2006 Harry C. Dietz
 - 2005 Patrick O. Brown
 - 2004 Neil Risch
 - 2003 David C. Page
 - 2002 James R. Lupski
 - 2001 Daniel Pinkel and Joe W. Gray

■ ASHG Leadership Award

The Society's newest award is presented to an individual whose professional achievements have fostered and enriched the development of various human genetics disciplines. Potential recipients should exemplify the enduring leadership and vision required to ensure that the field of human genetics will flourish and successfully assimilate into the broader context of science, medicine, and health. They also may have made major contributions to awareness or understanding of human genetics by policy makers or by the general public. A plaque and \$2500 will be presented to the awardee at the annual meeting.

- Recipient:** 2006 David L. Rimoin
